

Identity Theft and Fraud Resolution Program

Horizon Health's Identity Theft and Fraud Resolution Program will help you learn how to avoid this crisis, as well as restore your identity and credit ratings.

With help from Horizon Health, you can learn how to avoid identity theft, and how to restore your identity and credit rating if you fall victim to identity theft.

PREVENT IDENTITY THEFT BEFORE IT HAPPENS

Thanks to your employer, it only takes one phone call to Horizon Health to get help with preventing or resolving identity theft emergencies.

WHEN IDENTITY THIEVES STRIKE

You can call Horizon Health's Fraud Resolution services immediately and receive a free 60-minute telephone consultation with a trained Fraud Resolution Specialist™. The Specialist advises you about how to re-establish your identity and credit rating. The Specialist can also coach you on how to dispute fraudulent debts that result from ID Theft. Once the Specialists are familiar with the facts of your case, they will:

- Help you complete and submit ID Theft Affidavits to credit agencies, creditors and other authorities.
- Provide account forms or letters to itemize each fraudulent occurrence and advise you on where to submit each document.
- Direct you to local and federal authorities and the fraud departments of creditors to report fraudulent activity.
- Provide you with the contact information for the three major credit-reporting agencies: TransUnion, Experian and Equifax.
- Help you obtain a free copy of your credit report.
- Send you a free ID Theft Emergency Response Kit™.
- Educate you about how ID theft happens and how it can be prevented.

YOU DON'T HAVE TO FACE THIS ORDEAL ALONE

It only takes one phone call to Horizon Health to get help with prevention or resolving ID theft emergencies.

Horizon Health's Fraud Resolution Specialists are certified as Consumer Interviewers under the Fair Credit Reporting Act.

Live Well... Work Well... with Horizon Health.
