

FOUNDATION NEWS

FALL 2010 VOLUME 5, ISSUE 3

COME TOUR WITH US!

The Bob and Judy Charles SmartHome in Boulder has been conducting free tours for a year now, and hundreds of people from all over the country, and even some international visitors, have already toured. Have you?

Even if you attended the Dedication, Open House, or an early tour, it is time to come back, as so many new items are now in place, and residents are truly thriving! You can see countertops that adjust to wheelchair height, stovetops that shut off automatically when pans are removed, and staff-created prompting systems that give step-by-step instructions on a monitor for tasks such as cooking or doing laundry so the residents can live even more independently. Two-way hands-free communication devices, personal paging devices, specialized keyboards, and adapted web browsers all show how the SmartHome supports resident interaction with staff, family members, and the community.

Hundreds of people from across the country, and even internationally, have toured the Bob and Judy Charles SmartHome. In the photo above, SmartHome resident John (left) greets Angelos Pangratis, Chargé d' Affaires and Acting Head of Delegation of the European Union to the United States.

This past spring, Boulder Mayor Susan Osborne (right) toured the Bob and Judy Charles SmartHome to see first-hand how technology is changing the lives of Rebecca (left) and her housemates.

You can also see how the SmartHome's health, safety, and medical monitoring technologies enhance the efficiency and effectiveness of caregivers and help contain staffing costs. Radio-frequency identification badges inform caregivers of consumers' whereabouts, and a variety of sensors (motion, sound, pressure, carbon monoxide, etc.) alert staff members to unusual changes in the home or in a resident's physical condition. Bio-metric sensors and medication prompting systems allow staff to obtain, store, and transmit critical health information in an accurate and timely fashion, providing an enhanced level of service to residents.

In addition, the SmartHome minimizes utility costs while protecting the environment. The SmartHome's many green features result in a carbon footprint that is significantly smaller than that of a conventional group home of similar size. (story continues on page 7)

SAVE THE DATE!

IMAGINE! CELEBRATION—JANUARY 28, 2011

The Imagine! Celebration, the annual fundraising event of the Imagine! Foundation, will honor the Foundation's first decade and promises to be bigger and better than ever! In order to accommodate 400+ guests and approximately 200 auction items, the event will again be held at the newly renamed Plaza Hotel Longmont (formerly the Radisson Hotel and Conference Center). It's not too early to put Friday, January 28, 2011 from 5:30-9:30 p.m. on your calendar. Special activities in celebration of the Foundation's first ten years and its raising of \$4,000,000 are planned.

Several new members have joined the Imagine! Celebration Committee chaired by Foundation board member Colene Van Winkle and Paige Lawrence (see list to right). Auction items are already coming in, including many new items in the popular Live, Food & Wine, Lodging, Entertainment, and Sports & Adventure categories.

Online reservations for the event will again make it quick and easy to reserve individual tickets at \$95 each or tables of ten for \$1,250, with ticket and table prices remaining unchanged for the past four years in order to encourage people to attend, learn about, and support Imagine!.

Thanks to its popularity and proven results, electronic bidding will make its fourth appearance. The Imagine!

Foundation was one of the first non-profits in the area to try electronic bidding three years ago, and it is

Last year, 360 people attended Imagine!'s premier fundraising event.

now showing up at more and more events. It's easy, fun, and allows guests to enter their bids on hand-held "tablets," check periodically to see what items they are winning, and find "bargains," all without having to leave their table or group.

As always, the announcement of the Consumer of the Year will be a highlight of the event. Be sure to check the Imagine! website

(www.imaginecolorado.org) as we add our sponsors, our live auction items, and more about the festivities. See you on January 28!

GRANT WRITING IS AN IMPORTANT RESOURCE FOR IMAGINE!

Since the Imagine! Foundation began ten years ago, grant writing has accounted for nearly \$1,000,000 in revenue for individuals Imagine! serves – about one-fourth of the Foundation's overall revenue. The biggest jump came during the past two years when the Foundation contracted with grant writer Christina Craigo to write for Imagine! part time. Since Christina joined the effort in July of 2008, grants have accounted for \$615,223. In addition, many new relationships with funders have been developed.

Grant writing spans the breadth of Imagine! programs. The Foundation has written and received grants for:

Dayspring's Community Calendar Activities Program for Children Aged 0-3

Family Support Grants

Labor Source and Out & About's Stepping Stones Program for Teen Consumers

The Bridges to Boulder Community Sign Language Program

Furniture for the Foothills Group Home

Dayspring's Sexual Expression Program

Out & About's Summer Camp

Dietician Services for Our Residential Program

Paying Off Mortgages on Five Imagine! Homes

A Marketing Video about Imagine!

Van Transportation

G-Tube Feeding Training for Summer Camp Staff

Housing Upgrades and Green Upgrades

General Operating Support

The Bob and Judy Charles SmartHome and the Charles Family SmartHome

Children and parents, along with Imagine! staff, participate in Dayspring's Community Calendar Activities (CCA) program at venues in the local community. The Foundation has raised nearly \$60,000 in grant support for CCA during the past ten years.

Grant priorities are discussed and decided by Imagine!'s executive team twice per year. If you look through the enclosed Donor List (pages 4-5), you will see contributions from state, county, and city governments, local community foundations, and private, corporate, and family foundations. The Imagine! Foundation appreciates the support of our many community funders who provide grants to help Imagine! continue to provide the best service possible.

JOIN THE IMAGINE! PROMISE

Please consider joining the dozen individuals who have already put Imagine! into their wills and have let Imagine! know. These names are proudly displayed in the John M. Taylor Conference Center in Lafayette on The Imagine! Promise sculpture. For information or to let us know of your planned gift, please contact Susan LaHoda at slahoda@imaginecolorado.org or 303-666-7018.

Imagine! and The Imagine! Foundation

We would like to extend our heartfelt gratitude to all those who supported us with cash and in-kind contributions during the fiscal year 2009 - 2010 (7/1/2009 - 6/30/2010).

NEWS AND NOTES

Dave Query and the Big Red F Restaurant Group will host a 7th Annual Free Thanksgiving Dinner for Imagine! consumers and their families. Query is a former Imagine! Foundation board member and owner of Big Red F, which includes Boulder restaurants Centro Latin Kitchen and Restaurant Palace, Happy Noodle House, Jax Fish House, West End Tavern, and Zolo Southwestern Grill, and Denver restaurants Jax Fish House and LoLa Coastal Mexican. Query is donating the makings for a delicious Zolo-style Thanksgiving repast with all the trimmings, and the wait staff is volunteering its time. Three seatings are offered, allowing nearly 400 people to enjoy this lovely celebration of Thanksgiving.

Dave Query

Ziggi's Coffee House in Longmont will also celebrate Thanksgiving by partnering with Imagine!. Ziggi's at 401 N. Main Street and the drive-through location at 17th and Hover will be open from 8:00 a.m. until noon on Thanksgiving Day and will donate half the price of every purchase to Imagine!.

On October 1, the Imagine! Foundation launched an Employee Donation Campaign called "Transcend \$10,000." For the first time, it is possible for employees to make gifts through payroll deduction, and as of the first half of October, more than \$3,700 was pledged, with the hope that employee gifts for the year will surpass \$10,000.

Come celebrate or commiserate the day after Election Day and help raise money for Imagine!. On Wednesday, November 3, 2010, from 5:30-8:00 p.m., Left Hand Brewing Company at 1265 Boston Avenue, Longmont will donate to Imagine! \$1.00 per pint of beer sold. Left Hand has a large Tasting Room, and entertainment and food will be provided. Eric Wallace, an Imagine! Foundation board member, is the president of Left Hand Brewing Company.

WHAT'S THE ENVELOPE FOR?

The Imagine! Foundation would like to offer you the opportunity to support Imagine! through any size tax-deductible donation. Contributions large and small have added up to nearly \$4,000,000 to benefit Imagine! consumers since the Foundation began in 2000. You are welcome to designate a use or program for your funds or to designate your gift as a memorial or an honorarium (birthdays, anniversaries, etc.). If you would like to donate online, visit: www.imaginecolorado.org/foundContribute.htm. Questions: Susan LaHoda, 303-666-7018; or slahoda@imaginecolorado.org. Thank you!

COME TOUR WITH US!

(story continued from page 1) Finally, the SmartHome serves as a site for testing, modifying, and adapting technologies for use in other environments, enabling parents to better meet the needs of their adult children with developmental disabilities in their own homes over the long term and serving as a model applicable to those with related health conditions and people who are elderly.

One hour tours are given by Sterling Wind, Imagine! SmartHomes Project Manager, on the first and third Mondays of each month at 11:00 a.m. You can sign up online at: www.imaginesmarthomes.org/TOURS.htm. Other tours can be arranged if this day, time, or tour length doesn't suit you by contacting Susan LaHoda at slahoda@imaginecolorado.org or 303-666-7018. We'll be offering tours of our Charles Family SmartHome in Longmont after the residents are settled in. In the meanwhile, come visit the Bob and Judy Charles SmartHome in Boulder and see all the features that make this home the first of its kind in the nation for people with developmental disabilities! We'll have the welcome mat out!

Sterling Wind (left) demonstrates how the Bob and Judy Charles SmartHome supports resident interaction with staff and family members, opens up educational opportunities, and enhances the efficiency and effectiveness of caregivers during a guided tour of the SmartHome.
