

## How to Value In-Kind Donations

For your convenience, here is a list of items commonly donated to Imagine! along with the typical price range of their value. Per the IRS, in-kind donations are valued at what they would sell for at a garage sale. The value will be based on condition, age, cleanliness, and original sale value. The market value of an item in good condition is typically **10% of the original cost**. When filling out an In-Kind Donation Form, please use these suggested values.
