2016 ANNUAL REPORT

**Believing in the
Potential of All**

Our HISTORY

Imagine! was established in 1963 by a group of parents determined to see that their children with developmental disabilities had the opportunity to participate in their community.

We continue to use that original goal as the basis for our mission. We believe that people with intellectual or developmental disabilities have much to contribute, and providing the tools and supports that allow them to show what they have to offer benefits us all.

Imagine! offers a continuum of services to provide supports for people through their lifetime. In 2015-2016, Imagine! served 3,425 individuals living in Boulder and Broomfield counties and their families.

Our MISSION

The mission of Imagine! is to create a world of opportunity for all abilities.

Values and Principles

- Our workforce is our number one asset.
- Families are essential to our success.
- We embrace a culture of support and creativity.
- We inspire a positive and inclusive community.
- We honor our tradition of integrity and leadership.
- We believe in the potential of all.

Dear Friend of Imagine!:

Welcome to the 2015-2016 Imagine! Annual Report.

In the pages that follow, you will find stories, pictures, and data that will give you deep insight into the past year at Imagine!.

And what a year it was! Once again, we faced the daunting challenge of providing leading edge services to people with intellectual and developmental disabilities (I/DD) in the face of dwindling state and federal resources.

And once again, we met that challenge head on and passed the tests with flying colors.

We were creative in our solutions. We worked as a team to answer the difficult questions and make the tough decisions needed to ensure that the people we served continued to have all possible options available to them as they positively engaged with their community.

We even found the time to develop a new mission statement which perfectly reflects our continued leadership in the field: "Creating a world of opportunity for all abilities."

I am confident that throughout this Annual Report you will see that mission in action in ways big and small. Thank you for taking the time to read it, and thank you for your support of Imagine! and the people we serve.

Sincerely,
Mark Emery

Dear Friend of Imagine!:

It was an honor and a privilege to serve as President of the Imagine! Board of Directors during the last year.

I am a parent of an adult child with an intellectual disability. Ever since my daughter was born, I have been advocating on her behalf so she could live a life of meaning and purpose. I joined the Imagine! Board of Directors because I saw it as another step toward ensuring that my daughter, along with other people with intellectual disabilities, had opportunities to become active, engaged members of their communities.

I continue to fight unapologetically for that goal, and my experience serving on Imagine!’s Board has clearly demonstrated to me that I have a passionate, committed, and determined team of Imagine! staff members and supporters who are battling right alongside with me. They are truly devoted to creating a world of opportunity for all abilities, and together, I think we might just get there one day!

In reading this Annual Report, I think you will discover, as I did when joining the Imagine! Board of Directors, the amazing difference Imagine! is making in the lives of those with intellectual disabilities every single day.

Sincerely,

Laura Koch

"I loved the Community Calendar Events. They made our Early Intervention experience beyond enjoyable. I felt a part of a special community!"

– Parent of Dayspring participant

Imagine!'s Dayspring Community Calendar Activities Program introduces families to places in our community that offer great activities and opportunities for children to meet their goals through fun and play. All activities encourage motor, sensory, social-emotional, cognitive, and speech-language development.

WHAT IMAGINE! DOES

Imagine!'s Care Coordination acts as the gateway to services for individuals with intellectual disabilities living in our community. Through information and referral, as well as financial assistance, Imagine!'s Care Coordination team helps people navigate the complex system of services and ease their emotional and financial burdens.

CORE/Labor Source offers a wide range of quality educational and community-based classes and activities, as well as employment opportunities, for adults with intellectual and developmental disabilities. CORE/Labor Source believes that engaging in quality educational, community, and work activities sets the foundation for reaching everyone's highest potential.

Dayspring provides parent education and therapeutic services to children ages birth to three. Dayspring believes that the family is the child's first teacher, and takes a whole child approach to encourage parents and children to build upon their strengths. Dayspring provides services and supports to children where they live, learn, and play.

Imagine! Behavioral Health Services offers expert mental and behavioral health supports to individuals of all ages, families, and their support networks using a comprehensive team approach. This involves direct intervention including consultation, evaluation, advocacy, education, and program development.

Innovations offers customized residential and community access options to people of all ages with physical, developmental, and cognitive disabilities. Innovations strives to ensure that the lives of the people we serve reflect the diversity of lifestyle choices that are available to all citizens. Priority is placed on achieving individual dignity, interdependence, privacy, and quality of life.

Out & About provides summer camp, after-school, and school closure day programs for school-aged children with developmental disabilities, as well as weekend activities for adults. All activities are community-based and are designed within a therapeutic framework.

NEW MISSION STATEMENT

Last year, Imagine! was delighted to introduce a new mission. Our old mission had served us well, but it no longer represented the current reality of Imagine!.

We needed a mission that reflected some basic facts about Imagine!:

- Our activities go beyond arranging and delivering direct services to people
- Imagine! is recognized as a great provider, innovator, and a leader in the field at the local, state, and national levels

In addition, we wanted a mission that:

- Used positive language
- Was clear, memorable, and concise
- Would serve as a unifying focal point of effort for all Imagine! stakeholders

After much brainstorming with employees at all levels, as well as members of our Board of Directors, we created a mission statement that satisfies all of the criteria above. It is memorable and it is aspirational, and we believe it will serve as an inspirational rallying cry for Imagine! for years to come.

VOLUNTEERS HELP IMAGINE! THRIVE

Imagine! volunteers share their time and talents directly with the people Imagine! serves and with projects of all sizes. Volunteers increase the quality of support and services we are able to provide.

479 volunteers donated

12,159 hours of their time last year

"What I love best about volunteering with Imagine! is getting to know the people – not only the people receiving services, but also the people providing services. They have all influenced me in my life, and I am honored to get to know them."

~ Inna Chang, who has volunteered with both Imagine!'s Out & About and Dayspring programs.

"It doesn't feel like a volunteer hour. It feels like we're going over to a friend's house, hanging out and doing things together. It's really a lot of fun."

~ Jason Rusk, who, along with his wife Kristin and daughters Serena and Isabelle, volunteers once a week at Imagine!'s Bob and Judy Charles SmartHome.

FINANCIAL HIGHLIGHTS

Consolidated Financials

The Developmental Disabilities Center doing business as Imagine! and Affiliates Financial Statements is comprised of Imagine!, the Imagine! Foundation, three Imagine! Housing Corporations (group homes), and the Imagine! Development Company. Imagine!'s audit and IRS 990 can be viewed online at

www.imaginecolorado.org/financial-information.

Change in Net Assets

As directed by the Board of Directors, Imagine! budgets a 2% margin of revenue over expenses. Net Income was greater than 2% in the last two years because of higher grants and other fundraising, unanticipated revenue from the State, and earnings on investments. Net Income is used to invest in the organization with capital needs such as vehicles and facilities improvements, as well as to cover principal payments for debt service.

Fundraising, Management & General, and Program Expenses

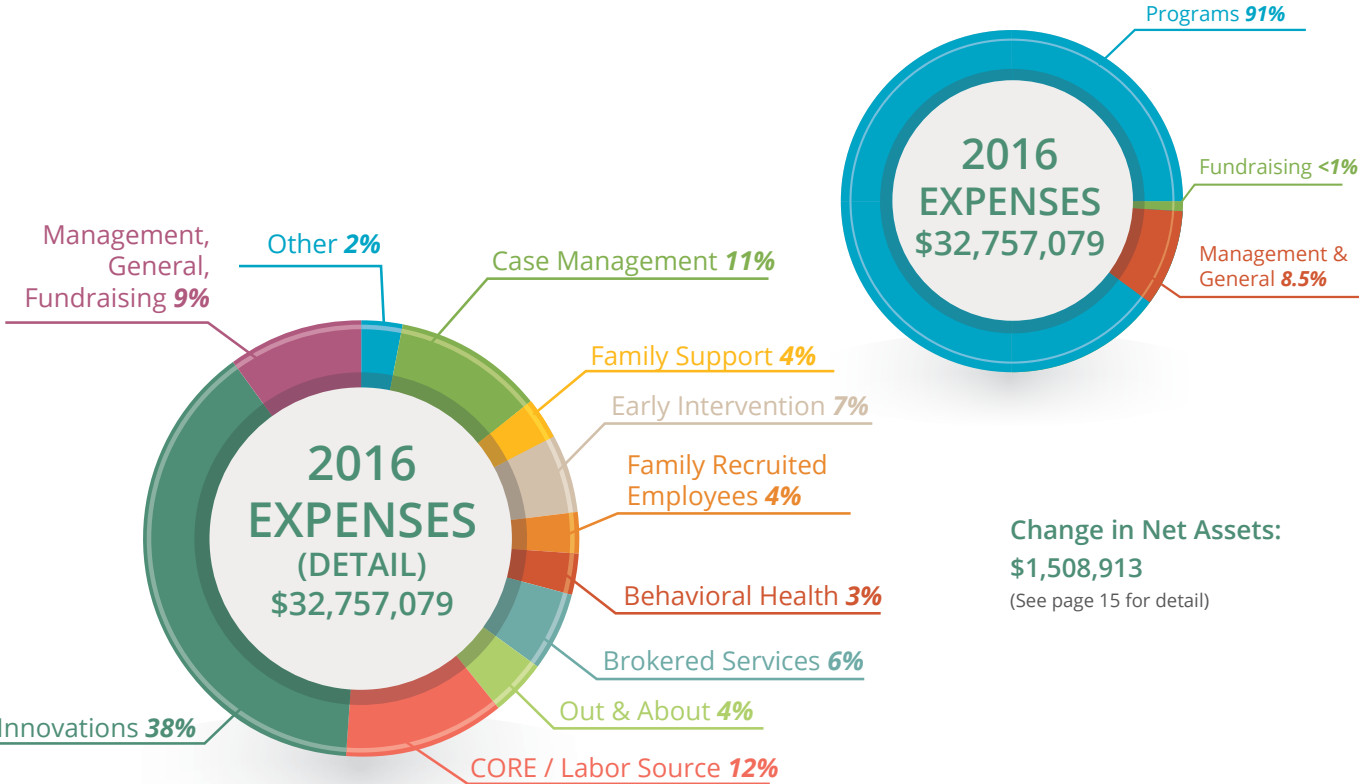

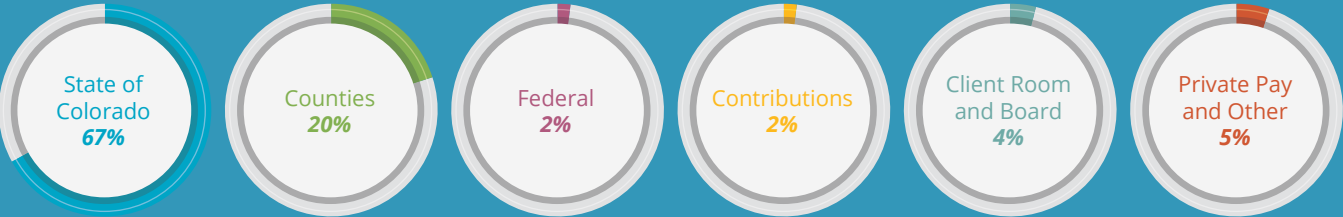

The Imagine! Foundation handles private fundraising for Imagine! and transfers the revenue to Imagine! on a quarterly basis. Foundation revenue and expenses are included in the consolidated financials and are one percent of Imagine!'s expenses. Management & General expenses account for eight percent. **Ninety-one percent of expenses go to programs.**

The Imagine! Foundation raises funds to support Imagine!'s innovative projects and to help fill current and anticipated gaps in government funding for its vital services. Since the Foundation's inception in 2000, thousands of compassionate individuals, businesses, and foundations have contributed more than \$7 million to partner with Imagine! to care for our community members who have intellectual or developmental disabilities.

Dear Friend of Imagine!:

The Imagine! Foundation was created 16 years ago to build awareness of, and raise funds for, people with intellectual and developmental disabilities. Momentum for this cause continues to grow. This year, we raised \$674,246 from 778 donors. These individuals, businesses, religious groups, civic clubs, event sponsors, and government entities combined resources to ensure that everyone has access to a full life. Funds raised this year included paying off the mortgage on the Bob and Judy Charles SmartHome – a milestone worth celebrating.

The Imagine! Foundation’s volunteer board of 20 community members serve as ambassadors for the work of Imagine!, and requests support from people like you. We appreciate your generous response! The tireless efforts of our Imagine! Celebration volunteers made this year’s event a huge success, with our largest crowd yet of 525 guests. Our Executive Director, Patti Micklin, deserves special thanks for providing structure and creativity to our work.

The pages of this Annual Report represent all that you help make possible. Our wonderful board is not just proud of our community, but honored to play an increasingly important role in ensuring that people with cognitive disabilities thrive here. It’s all possible because of your support, and I thank you for believing in everyone’s potential.

Sincerely,
Charles Holmes
